IN THIS ISSUE - Midyear 2022 Northern Hemisphere APEX Ratings

- In the overall ratings covering racing from 1/1/16 – 7/10/22, the top three of 565 North American and European sires by the all-important A Runner Index (200+ year-starters) are the great **Galileo** (6.22), **Dubawi** (5.43), and **Frankel** (4.77). F2018 **Not This Time**, with his first 4yo's, has crashed the top 10, ranking #6 with a 3.72 A Runner Index, and F2019 **Gun Runner**, with 143 year-starters (short of the 200 needed to qualify for our Top 50 tables), registers an amazing 6.99 A Index;
- Galileo (217) and Dubawi (171) are way out in front by number of 2016-2022 A Runners, followed by **Into Mischief** (125), **Tapit** (120), Frankel (112), **Curlin** (109), and **Uncle Mo** (104). Dubawi (2.88), Galileo (2.78), and Frankel (2.65) are the top three by ABC Index (top 8% earners). Into Mischief (425) tops the list by ABC Runners, ahead of Galileo (388), Dubawi (363), Tapit (323), Curlin (294), and Uncle Mo (274).
- Among F2017 sires (1st 5yo's 2022), France's **Galiway** (3.66) is the leading sire by A Runner Index but with 123 year-starters is short of the 200 minimum for Top 50 ranking. Among the top 50, though, are F2017 sires Constitution (3.30), **Night of Thunder** (3.07), **Liam's Map** (2.42), **American Pharoah** (2.35), **Karakontie** (2.17), and **Competitive Edge** (1.98). Constitution (36) leads American Pharoah (32) by number of A Runners, and also tops the group by ABC Runner Index (2.20), ahead of Night Of Thunder (2.17), Galiway (2.13), and American Pharoah (1.89). But American Pharoah (103) leads Constitution (96) by number of ABC Runners.
- **Not This Time** has surged to the lead among F2018 sires in all four categories: A Runner Index (3.72), ahead of **New Bay** (3.37) and **Laoban** (3.06); number of A Runners (21), ahead of **Mehmas** (18); ABC Runner Index (2.35), ahead of New Bay (1.92) and **Nyquist** (1.90); and number of ABC Runners (53), ahead of Mehmas (51) and Nyquist (44). Not This Time (3.72) and Nyquist (1.90) in the US and New Bay (3.37) and Mehmas (2.12) in Europe are all among the Top 50 NA-EU sires by A Runner Index.
- **Gun Runner** has smashed a few records for freshman sires last year and second-crop sires this year. He's the first horse to have sired 5 G1 winners before May of his first runners' 3yo year and is the leading F2019 sire by A Runner Index (6.99), number of A Runners (20), and number of ABC Runners (33); the Maryland sire Blofeld (3.02), from Quality Road's first crop and who has no A Runners yet but seven B and C Runners from just 29 year-starters, does lead Gun Runner (2.88) by ABC Runner Index, but there's no doubt Gun Runner has made a World Top 5 start. French sire **Zarak** (5.26), by Dubawi out of Zarkava, is second by A Runner Index and number of A Runners (8); **Practical Joke** (22) is second by number of ABC Runners, ahead of **Churchill** (18) and **Connect** (16).
- We also calculate the number of A Runners and ABC Runners for sires so far in 2022. Dubawi (22) is the top sire by 2022 A Runners, ahead of Into Mischief (20) and Frankel (19), but Into Mischief (65) is far and away the leading sire of ABC Runners, ahead of Dubawi (46), Curlin (41), Frankel and **Dark Angel** (39 each), and Uncle Mo (38). Not This Time is way ahead among F2018 sires with 15 A Runners and 25 ABC Runners; ditto Gun Runner among F2019 sires, with 16 A Runners and 24 ABC Runners in 2022.

EUROS GALILEO, DUBAWI, FRANKEL TOP 565 NA/EU SIRES BY MIDYEAR APEX RATINGS

War Front Still the Top NA Sire; F2018s Not This Time, New Bay in New Top 10

For the last 30 years we have used APEX (Annual Progeny Earnings index) ratings as our basic standard of evaluation of sire success or failure. Of the 17 separate indices, the A Runner Index is our signature tune. 'A Runners', as you know, are the top 2% earners from all runners in a given jurisdiction each year or (Southern Hemisphere) season. An A Runner Index of 1.00 means the sire has 2.00% A Runners/Runners over the previous seven-year period; over time our finding is that about 4% of all named foals become A Runners at some point in their careers. For a more complete explanation of APEX ratings, please [click here](#).

Both the average-earnings index which for our purposes the APEX A Runner Index superseded for practical application in the marketplace, and APEX ratings are calculated on an annual basis, meaning one horse is counted as one runner each year or season they race; in APEX calculations that is a maximum of seven, meaning theoretically one horse could count for as many as seven A Runners; that's never happened, though Winx counted as six A Runners as she achieved the A Runner earnings threshold in six consecutive seasons. These sorts of calculations count against sires with massive foal crops and numbers of runners; Into Mischief, for example, has had 2,310 runners (also called 'year-starters' in annualized calculations) in the 6 ½ seasons since January 1, 2016, and though he has been three times Champion Sire, his 2.71 A Runner Index, though highly respectable, is compromised by his having so many runners. He does have 425 ABC Runners (top 8%), though, ranking him first among all 565 North American and European sires

assigned APEX ratings by number of ABC Runners. All the more reason why Galileo's achievement in registering a 6.22 A Runner Index (12.44% of year-starters) is pretty much off the graph. He's had 1,745 year-starters, almost 250 starters a year, and is the leading sire by number of A Runners, with 217, or 31 A Runners per year (with half of 2022 remaining). Dubawi has been the world number two for a few years, now with a 5.43 A Runner Index (10.86% of year-starters) and is also a clear number two by number of A Runners, with 171 – nearly 25 per year. Frankel is well clear in rounding out a European top three by A Runner Index, with a 4.77 index (9.54% of year-starters). The top North American sire is War Front (3.76). Galileo (217) and Dubawi (171) are miles ahead by number of A Runners, in front of a cluster including Into Mischief (125), Tapit (120), Curlin (109), and relatively younger sires F2014 Frankel (112) and F2013 Uncle Mo (104).

A total of 340 North American and European sires have had 200+ year-starters over the 6 ½ seasons, which we use as the minimum to be included in our Top 50 sire lists; this minimum helps ensure stability in the figures but of course works against younger sires, so we do separate lists for them, in this case covering sires with first foals 2017 (1st 5yo's 2022), 2018 (1st 4yo's), and 2019 (1st 3yo's – we don't do calculations on freshman sires as the numbers are too volatile). Removing the 200+ qualifier, the French sire Galiway (3.66), sire of 2021 G1 Champion S. winner Sealiway has the highest A Runner Index of all 76 F2017 NA/EU sires, though with 123 year-starters, whereas the next six

F2017 sires by A Runner Index all figure in the 200+ Top 50: #12 Constitution (3.30); #15 Night of Thunder (3.07); #29 Liam's Map (2.42); #32 American Pharoah (2.35); the underrated #37 Karakontie (2.17); and #44 Competitive Edge (1.98), who has decamped to Texas. Constitution (36) and American Pharoah (32) are the leading F2017 sires by number of A Runners, ahead of Night of Thunder and Liam's Map (23 each).

Only a scattering of F2018 sires, now with their first 4yo's, had 200+ year-starters, but they include some top young sires. Not This Time (3.72) actually ranks #6 among 340 sires by A Runner Index, having blasted his way to the top of his group. The top European sire by A Index is New Bay (3.37), and Europeans Kodi Bear (2.36) and Mehmas (2.12, from a massive 425 year-starters) and US sire Nyquist (1.90) also qualify as Top 50 sires. The ill-fated Laoban (3.06) nearly qualifies with 196 year-starters. Not This Time (21) and Mehmas (18) are the leading F2018 sires by number of A Runners, ahead of New Bay (14), Laoban (12), Nyquist (11), and Kodi Bear (9).

Gun Runner has made about as hot a start as any sire we've ever seen, and indeed is the only horse in our entire database to have sired 5 G1 winners before the G1 Kentucky Derby for which their first 3yo's were eligible was even run. He has a 6.99 A Runner Index with 20 A Runners from his first 143 year-starters and if he sustains anything like this pace he'll have put himself in the Galileo/Dubawi/Frankel category of World Top 5 sires right off the bat. The French sire Zarak, by Dubawi out of the undefeated 'Arc' winner Zarkava, has only about half as many year-starters (76), but racks up a 5.26 A Runner Index with eight A Runners. Arrogate (2.60) would have made a successful sire, and Classic Empire (1.89) is flirting with Top 50 territory as well. Gun Runner's 20 A Runners put him out on his own by number of A Runners; Zarak has 8; Caravaggio 6; and Arrogate, Classic Empire, Churchill, Practical Joke, and Profitable 5 each.

APEX MID-YEAR: INTO MISCHIEF, DUBAWI 2022 LEADING SIRES OF ABC, A RUNNERS NOT THIS TIME, GUN RUNNER TOPS AMONG F2018, F2019 SIRES

APEX stallion ratings cover a seven-year period or, in the case of Mid-year or Mid-Season statistics, 6 ½ years; the current Mid-year APEX run covers racing in North America, the U.K., Ireland, France, Germany, and Japan from January 1, 2016 – July 10, 2022. But we also want to know who's doing well now, so these tables tally sires' A Runners and ABC Runners for 2022 only. The caveat here is that Mid-year calculations are done on racing only through that point of the year; if you look at the Earnings Thresholds table which shows the threshold earnings figures (in US\$) for each jurisdiction covered, you'll see that the earnings at this point of the season are some way below the year-end figures (with the exception of 2020). For example, in 2021 in North America 'A Runners' (the top 2% of earners/runners) had to earn \$156,910 or more to qualify as an A Runner. But through July 10 the top 2% figure was \$112,260, whereas the year-end 2021 B Runner threshold was \$111,631. There will therefore be horses counted as A Runners thus far in 2022 who will inevitably end up as B Runners at the end of the season. So these 2022 ABC Runner counts should be regarded as interim; the final figures are sure to be somewhat different. But they won't be that different and this is a good snapshot of where things stand now.

Given training costs we take the view that ABC Runners can be described as those horses which 'break-even or better' compared to the costs of keeping them in training, and A Runners, which will earn \$150,000 or more this year in North America, are horses who are more than paying their way; how much more depends on how high up the ladder they go. But when we calculate ABC Runners – the top 8% of earners – we're describing horses who at least pay their way.

Into Mischief, with 65, is far and away the leading North American or European sire of ABC Runners this year (in these calculations, as they cover only one year, each horse is counted only once). What can you say? – it's no wonder he's been three times Champion Sire, and with the number of class horses he sires, you wouldn't bet a whole lot against him gaining a fourth consecutive title: Quality Road got a \$10-million jump on him when Emblem Road won the G1 Saudi Cup, but that lead is now down to \$2.4-million, and there's still five months left in the year. Into Mischief is an extremely prolific sire of horses who can pay their way, as these figures demonstrate.

Dubawi (46) is second by number of 2022 ABC Runners and Frankel (39) is tied for fourth, but in terms of A Runners Dubawi is the leader with 22; Into Mischief has 20, Frankel 19. Curlin (41) is #3 by number of ABC Runners and is tied for fourth by number of A Runners (16) with, would you believe, F2019 Gun Runner – that is astonishing, that Gun Runner has 16 A Runners from his first crop this year. F2018 Not This Time, who is dominating a salty F2018 crop in similar fashion, has 15 A Runners this year; Munnings has 14. Dark Angel (39) is tied for fourth with Frankel by number of 2022 ABC Runners; Uncle Mo (38) comes next.

Of the 29 sires with 20+ ABC Runners in 2022, only five had their first foals later than 2014. It's quite revealing to look at the list by age of oldest foals, because that still identifies most of the crop leaders. The earliest is F2003 Galileo (27), and ok, he's not at the top of the list like he has been the last ten years but that doesn't diminish his overall record, that's for sure. F2004 Invincible Spirit (20) is still a name to know, and all four of the North

American F2006 'fearsome foursome' still figure: Tapit (34), Candy Ride (24), Speightstown (21), and Medaglia D'Oro (20). F2007 is world number two Dubawi (46) and Ghostzapper (21); F2008 Invincible Spirit's three-quarter brother Kodiak (29) and War Front (24); F2009 Dark Angel (39) and Street Sense (21).

Among which had their first foals 2010-2014, F2010 Into Mischief (65) and Curlin (41) rank 1-3 by 2022 ABC Runners, so no doubt about their influence; F2011 are Sea The Stars (28) and Pioneerof The Nile (21). The influential F2012 sire crop includes Lope De Vega (32) and Siyouni (28) from Europe, Quality Road (30) and Munnings (26) from North America. F2013 is Uncle Mo (38) and Zoffany (21), and F2014 is world number three Frankel (39) and Maclean's Music (23).

The five younger sires include some serious blockbusters: F2016 Kingman (34); F2017 Constitution (32) and American Pharoah (31); F2018 Not This Time (25); and F2019 Gun Runner (24). Siring a lot of ABC runners doesn't mean the owners of these horses are actually making money, not when we factor in the cost of buying or breeding them, but at least these sires get runners with credible chances of paying their way.

Among F2018 sires, Not This Time, with 25 ABC Runners including 15 A Runners so far this year, is about as decisive a runaway leader as Gun Runner is among the F2019 sires. New Bay (16/5), Mehmas (16/5), and Nyquist (16/4) fill the next three places. Upstart (11), Shalaa (10), Runhappy (10), and Speighster (10), each of whom has four A Runners this year, all have at least 10 ABC Runners in 2022.

There's quite a long list of F2019 sires who look promising, albeit at a respectful distance from budding World Top 5 sire Gun Runner, who has an amazing 24 ABC Runners, including 16 A Runners, this year. Four sires are tied with 12 ABC Runners each; three are Coolmore/Ashford sires – the surprising Cupid and Practical Joke at Ashford, Churchill at Coolmore; Lane's End's Connect also has 12 ABC Runners this year. French sire Zarak, by Dubawi out of the unbeaten 'Arc' winner Zarkava, has made a sparkling start, with a 5.26 A Runner Index (Gun Runner is 6.99), and has 11 ABC Runners this year, of which five are A Runners, placing him a distant second behind Gun Runner's 16. Arrogate has 10, with another Ashford sire, Classic Empire at nine. Ribchester has eight; Caravaggio (the fifth from Coolmore/Ashford on this list), Aclaim, Keen Ice, Mastery, and the Maryland sire Blofeld, a first-crop son of Quality Road, have seven each.

Freshman sires (F2020) Havana Grey (5) in Europe and Justify (4, including two Group winners) have jumped out already with promising results, while Bolt D'Oro and Mo Town in the US and Sioux Nation in Europe had two ABC Runners each by mid-July.
